STEVE & LUCY

**Sri Lanka** is a lush, tropical island paradise known to Arab traders as *Serendib* - hence 'serendipity', meaning discovery by happy accident - and famously described by Marco Polo as "undoubtedly the finest island of its size in the world". Surrounded by the clear, warm waters of the Indian Ocean and skirted by palm-fringed beaches, the culturally rich and environmentally diverse island state of Sri Lanka has much to offer the visitor.

The island's superb beaches lie along its magical coastline to the southwest, around **Bentota** and **Ahungalla**. Further south between the historic port of **Galle** and the quiet beach at **Tangalle** are the picturesque resorts of **Unawatuna**, **Weligama** and **Mirissa**. By contrast, **Nilaveli**, near **Trincomalee**, offers clear waters good for snorkelling and white sandy beaches on the quieter and less developed east coast.

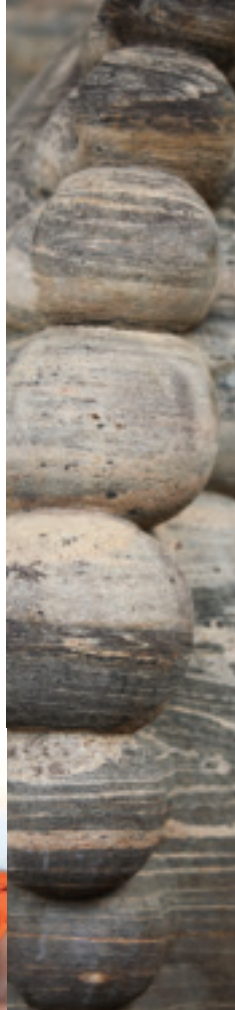

However, many of Sri Lanka's most beautiful and interesting sights are away from the coast. **Kandy** and the ancient capitals of **Anuradhapura** and **Polonnaruwa** are the principal points of the island's Cultural Triangle, which also includes the extraordinary royal citadel of **Sigiriya** decorated with its world famous frescoes. Close to Anuradhapura is **Mihintale**, the cradle of Buddhism in Sri Lanka, while **Dambulla** has impressive paintings and statues in its cave temples.

The **Hill Country**, with spectacular waterfalls and attractive walking trails around **Nuwara Eliya** and **Ella**, which are surrounded by tea plantations, provide a cool, refreshing break. Many visitors are also attracted by the natural wonders of **Horton Plains** nearby, or the chance to spot endemic bird life in **Sinharaja** and around **Kitulgala**, the location of the film epic *Bridge on the River Kwai*, also famous for white-water rafting. **Adam's Peak (Sri Pada)**, which every religious person in Sri Lanka is expected to climb at least once in their lifetime, leaves everyone spellbound as the incredible sunrise produces the famous spectacle known as the 'Shadow of the Peak'.

The iconic elephant is synonymous with Sri Lanka and wild herds are still roaming freely in various national parks across the country including **Minneriya** and **Kaudulla** in the **Cultural Triangle**, and, in the south of the island, **Uda Walawe** and **Yala**, which is also home to a variety of other wildlife including the leopard and sloth bear. Close by, **Bundala** offers plenty of excellent bird watching opportunities along several shallow coastal lagoons.

*"A great time; value for money; wonderful memories! If you want testimonials from us we would be delighted."*

The Maldives is on the equator southwest of Sri Lanka and is made up of 1190 coral islands, forming an archipelago of 26 major atolls. The island chain stretches 820km from north to south, and 120km from east to west. *Faru*, ring-like coral formations enclosing an azure blue lagoon, form the atolls and give the Maldives its unique paradise-like appearance - a string of pearls scattered over the deep blue Indian Ocean...

Holidays to the Maldives with Tikalanka Tours are all included in a two-island tour that includes Sri Lanka, and all flights to Malé (Maldives) are via Colombo. In our continuing endeavour to support responsible travel, we offer only top-tier resorts in the Maldives that have a responsible and ethical approach to tourism. These resorts have environmentally friendly management practices, and many of them have their own established policies for protecting and preserving the islands' sensitive ecosystems.

The Maldives is famed for its rare underwater beauty. The profusion of psychedelic colours, and the abundance and variety of sea life, makes diving in the Maldives a delight. The Maldives has some of the best dive sites in the world and many of the resorts have excellent house reefs, which are just a short swim from the beach where snorkellers, too, can experience the same pleasures from the surface.

The Maldives is also a popular destination for people just wanting to get away from it all. Many of the islands, particularly our top-tier resorts, have some of the best spas and sun-drenched tropical beaches in the world, the ultimate environment for total relaxation. Offering world-class international cuisine made from the freshest of ingredients, fine wines, and immaculate, understated service, these luxury resorts are second to none for your ideal beach holiday or honeymoon. Tikalanka Tours actively encourages responsible and sustainable travel by only employing Sri Lankan guides, promoting locally owned guesthouses and hotels, and eating at local restaurants. This not only contributes directly to the local economy and provides much needed employment, but also enhances the travellers' experience through personal contact with the islands' people.

We are also endeavouring to promote cultural exchange, social awareness, self-employment and self-development through community-led projects, and ensure travellers are aware of their impact on the environment and people of Sri Lanka and the Maldives. Tikalanka Tours is a member of *ResponsibleTravel.com*, a supporter of 'Know Before You Go' and *Travellers' Animal Alert*, and we advocate carbon neutral flights.

Tikalanka Tours recognises that increasing traveller numbers to Sri Lanka and the Maldives can have a negative impact on the islands' culture and environment, and also that travelling there involves long-haul flights, which contribute to global carbon emissions. It is our duty, therefore, to minimise the negative aspects of long-haul travel and its potentially damaging effect on the culture and ecology of Sri Lanka and the Maldives, while enabling the islands' people to gain maximum benefit from the positive impact of increased tourism.

*"With the politeness, ethics, honesty and kindness you demonstrated I can genuinely say that it was an absolute pleasure dealing with you."*

Where the Company is found to be liable for damages in respect of its failure to carry out the contract, the maximum amount of such damages will normally be limited to the price paid for the tour. Where the damages relate to the provision of transport by air, sea or rail, or hotel accommodation, any compensation payable will be further limited by the Warsaw Convention as amended by the Hague Protocol 1955 (air), the Athens Convention 1974 (sea), the Berne Convention 1961 (rail) and the Paris Convention 1962 (hotel accommodation).
